WARNING

The legal voters of the Town of West Rutland, in the County of Rutland and the State of Vermont, are hereby warned to meet at the Town Hall in said Town on the first Tuesday of March, being the 1st day of March, A. D. 1966 at 10 o'clock A. M. to act on the following business:

1. To elect all necessary Town Officers as required by law.
2. To vote on the following questions:
 - (a) Shall license for the sale of Malt and Vinous beverages be granted in this Town?
 - (b) Shall spirituous liquors be sold in this Town?
3. To act upon the Annual Reports of the Town Officers.
4. Shall the Town vote a tax of five cents on the dollar of the Grand List for 3 years to defray the Towns share of 1/3 of Total Cost of a comprehensive plan?
5. Shall the Town vote a tax of 35 cents on the dollar of the Grand List and authorize the Selectmen to hire the Vermont State Tax Dept. to appraise all real estate in the Town?
6. Shall the Town vote a tax of 20 cents on the dollar of the Grand List and authorize the Town Listers to appraise all real estate in the Town during 1966.
7. Shall the Town vote a tax on the Grand List for expense on selected roads and cost of maintaining and repairing Town Highways, and if so, how much?
8. Shall the Town vote a tax on the Grand List to pay debts and defray expenses of the Town, and if so, how much?
9. Shall the Town vote to authorize the Selectmen to borrow money to meet demands of current expenses of the Town until funds can be realized from taxes?
10. Shall the Town vote a tax on the Grand List for Library Expenses, and if so, how much?
11. Shall the Town vote a tax on the Grand List for Recreation of the Town children, and if so, how much?
12. Shall the Town vote to appropriate the sum of \$100.00 for payment of expenses for the proper observance of Memorial Day?
13. Shall the Town vote to exempt from taxes, for a period of ten years, ALL AND ANY NEW WORKSHOPS, FACTORIES and MILLS in same, whose construction will begin A. D. 1966, and will employ 25 or more persons who are taxpayers in West Rutland?
14. Shall the Town vote to exempt from taxes, for a period of three years from date of this meeting, ALL BUILDINGS whose construction will begin A. D. 1966, and USED AND OCCUPIED EXCLUSIVELY AS A HOME BY THE ORIGINAL OWNER(S) and appraised by the listers at a market value EXCLUSIVE of land, at NOT MORE than \$25,000.00 and NOT LESS than \$5,000.00. Said EXEMPTION being limited to ONE TRANSACTION within any 10 year period.
15. Shall the Town vote to pay current taxes direct to the Town Treasurer, and if so, on what dates?
16. Shall the Town vote a tax of ten cents on the dollar of the Grand List for sidewalk construction?
17. Shall the Town vote to have an audit made by representatives of the State Auditors' office?
18. To transact any other business deemed proper, not involving the expenditure of Town Funds or any business acted upon in the preceding articles.

Ballot boxes for the election of Town Officers will be open at 10 o'clock A. M. and closed at 6 o'clock P. M. Taxpayers business meeting for 1966 to act on Articles 3 through 18 will be held at 8 o'clock P. M.

FRANK J. BRUNO,
EDWARD M. FABIAN,
CHESTER P. GODRICK,
Selectmen.

TOWN SCHOOL DISTRICT WARNING

The legal voters of the Town School District of West Rutland, in the County of Rutland and State of Vermont, are hereby warned to meet at the Town Hall in said Town on the first Tuesday of March, being the 1st day of March, A. D. 1966 at 10 o'clock A. M. to act on the following business:

1. To elect all Town School District Officers as required by law.
2. To see if the Town School District will vote a tax on the Grand List to pay debts and defray the expenses of the Town School District, and if so, how much.
3. To see if the Town School District will vote a tax of five cents on the Grand List to be used SOLELY for Athletic purposes.
4. To see if the Town School District will authorize the Board of School Directors, or other proper officers, to borrow money to meet the demands of the current expenses of the Town School District until funds can be realized from current taxes.
5. To see if the Town School District will vote a tax of thirty cents (\$.30) on the Grand List to be used solely for the four following purposes (amounts approximate):

Free high school texts (\$18/pupil)*	\$3,780
Library books, \$160/grade for grades 7/12	960
Library books, \$160/grade for grades 1/6	960
Science Equipment, grades 7/12	1,500

*(Required by vote of 1965 Legislature)	\$7,200
---	---------

An affirmative vote will authorize an additional tax of thirty cents (\$.30) on the Grand List.

6. Shall the Town School District of West Rutland authorize the School Directors to renovate the so-called Study Hall (third floor area above the gym) by adding fixed partitions to subdivide the area into three separate areas accommodating library, classroom and study hall, according to plans to be prepared for and approved by the State Department of Education, at a cost of \$2400 (Two Thousand Four Hundred Dollars), and thereby making the Town School District eligible for a State Aid Award of 30% of the cost? An affirmative vote will authorize an additional tax of ten cents (\$.10) on the Grand List.

7. To act upon any other Town School District business which may legally come before the meeting.

FRANK J. BRUNO,
EDWARD M. FABIAN,
CHESTER P. GODRICK,
Selectmen.

Dated at West Rutland, Vermont
February 3, 1966.

The Business Meeting to act upon Articles 2 through 7 will immediately follow the Business Meeting of the Town.

	A. W. Socinski	

TOWN MANAGER'S REPORT

To the Selectmen and taxpayers of West Rutland;

Herewith is the second report under the Town Manager form of government ending December 31, 1965.

FINANCES

The town ended the year with a \$53,825.53 deficit reduced by \$17,651.96 from \$71,477.49 as of December 31, 1964. The special road tax plus the \$.35 deficit tax voted at the 1965 town meeting paid \$11,661.53 on the deficit, plus \$5,990.43 which was surplus money saved from budget expenses, some due to property re-evaluation not done.

In cooperation with the Selectmen the 1965 budget expense was followed as closely as possible and all current accounts were paid in full as of December 31, 1965.

The Town Farm Development Project proved very successful with eleven (11) new lots sold. We have a year end cash balance of \$8,638.60, for future improvements of roads, water distribution and drainage systems.

TRUCK & MACHINERY FUND

The equipment fund proved successful as all equipment earnings were turned into the fund. After paying for the International truck, plows and Allis Chalmers Loader, the fund has a deficit of \$8,347.68.

SIDEWALKS

Sidewalk repairs were made to better facilitate plowing and in preparation of others to have a finish coat hot mix later. There are basic repairs still needed. We asked for contractors bids on resurfacing the sidewalk on the south side of Blanchard Ave. I have an estimate of \$839.50 but due to cold weather, the contractor is expecting this to be done next summer.

HIGHWAY & BRIDGES

The Whipple Hollow Construction Project was started upon the receipt of State assistance and I expect to have more assistance available in 1966.

Some of our hard surfaced roads and streets were resurfaced thus eliminating some road problems. There still is considerable work necessary to bring the dirt roads into better condition.

Two bridges were replaced this year. The wooden bridge on the Kehoe farm road has been replaced with a steel bridge. New plank and stringers were placed over the Clark Hill Road brook where there hasn't been any bridge since I came here. The total cost of both bridges was \$464.02.

In addition to regular road maintenance, we have cut a lot of brush, the biggest clearing was on the East end of Boardman Hill Road.

WELFARE

The welfare costs have been kept as low as possible. With the Medicare program and pending hospital bills, I expect the allotted amount in the budget will cover the years expenses.

IMPROVEMENTS

Ten acres of timber land west of the Town Development were improved in preparation for a timber harvest in future years.

The new tax billing procedure was used this year, thus saving the town a considerable sum of money over a period of years.

On Jan. 1, 1966, the new I. B. M. Bookkeeping system was started for the Town Manager's office after a year of participation in the University of Vermont's Research Project.

The Town Manager has cooperated and worked with State and Federal Agencies on the Upper Castleton Watershed Project of which the plan is being prepared and the new road project. An application for final planning and construction of the sewerage plan has been filed with the Farmers Home Administration in Washington, D. C. I'm in hopes of having matching funds for the Recreation Project approved soon by State and Federal Agencies.

I would like to commend the property owners who have made improvements, by cleaning up along streets and roads that help give the town a better appearance. There could be a lot more done by other property owners.

SUGGESTIONS

The following suggestions are made;

1. To vote a five (5) cent tax for three (3) years to pay the Town's share or 1/3 cost of a comprehensive plan so that the towns people may know in which direction to go in future years due to so many Federal Programs requiring a comprehensive plan before any aid is approved.

2. That consideration be given to Police work as there have been complaints all year.

3. That the Real Estate re-evaluation be considered seriously at town meeting.

The operations of the town business have progressed more satisfactory this year due to the cooperation of the selectmen and towns people, which the Town Manager appreciates.

Respectfully submitted,

GEORGE W. MEGRATH,
Town Manager

AUDITORS' REPORT

To the Taxpayers of West Rutland, Vermont:

Balance sheets of the town and other related statements of Cash Receipts and Disbursements as of December 31, 1965 have been examined by the Board of Auditors.

Taxes levied and prior year uncollected taxes were accounted for. Payments by the State of Vermont to the town as confirmed by the Auditor of Accounts were accounted for. Disbursements were examined and found correct.

Balance sheet and related statements of Cash Receipts and Disbursements present the position of the town as of December 31, 1965.

We recommend the following:

All General Orders issued must first be signed by the Selectmen before checks in payment of same are drawn by the Treasurer.

All payroll orders be signed by the Selectmen and in the hands of the Treasurer on time to meet payroll schedules.

Highway Account was a newly started account this year with the transfer of funds from the General Account. This account was over-advanced \$90.28. We recommend that this amount be refunded to the General Account.

JOHN J. ORZELL,
MARY ST. LOUIS,
MARIE S. KRAMARZ,
Auditors

VERMONT STATE DEPARTMENT OF HEALTH ANNUAL TOWN REPORT, 1965

This is a report to the residents of your town describing the health services which have been rendered during 1965 (July 1, 1964-June 30, 1965). These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in town, we make every attempt to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of West Rutland

Attendance at well child clinics	6
Nutrition, dietary consultations to institutions, groups, individuals	2
Pediatric consultations for child health problems	—
Number of children given diagnostic service at hospitals	—
Number of children aided at handicapped children's clinics for speech and hearing, orthopedic, plastic, neurological, cardiac problems	10
Number of children financially aided with hospitalization	—
Number of children served by mental retardation clinics	—
People x-rayed for tuberculosis detection	26
Diphtheria, Tetanus, Whooping-cough immunizations	185
Polio immunizations (Salk injection or Sabin oral) at clinics	28
Number of water samples tested (private and public supplies)	40
Food and dairy products tested	—
Blood specimens (premarital, prenatal and other)	92
Other laboratory specimens	21
Sanitary inspections, consultations (food and lodging, camps)	24
Water, sewage disposal, public building and other inspections	18
People x-rayed for occupational diseases	78
Hospital and nursing home inspections and consultations	2
Number served by tumor clinics	2
Public Health Nurse home visits	175
Number served by Public Health Nurse visits	77

Respectfully submitted,
R. B. AIKEN, M.D., M.P.H.
Commissioner of Health

VERMONT DEPARTMENT OF SOCIAL WELFARE
Montpelier, Vermont

This thirtieth in the series of annual reports submitted to the people of West Rutland presents tabulations for the calendar year 1965. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	\$1,511.01
Hospitalization Services	884.01
Physician Services	150.45

Under similar settlement provisions town participation in the program Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$472.92 and for the latter \$1,056.60 for the year just closed.

During 1965 assistance was granted to 37 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,
 Commissioner of Social Welfare

SUPERINTENDENT'S ANNUAL REPORT

West Rutland, Vermont

The main question to which I wish to address these remarks is, "What is the condition of the West Rutland School System both for the immediate view and the long range look?"

To spend our human resources and our dollar resources wisely it is difficult to separate those two parts of the same question. Who can accurately predict the shape of education for 1975? If this is difficult—and it is—then on what grounds does one decide where to expend the human and financial resources now?

Let us begin by trying to assess the building and the educational program which we now have. The exterior of our school building is a fine testimonial to the values of marble as a building material! As one drives along Main Street the building presents a striking and seemingly healthy appearance. When one turns into the driveway, which is generally pitted and pocked with holes, the illusion begins to fade. Inside the building, one notices immediately that the absence of a continuing, rigorous program of maintenance throughout the years has left its marks. Tired floors need sanding and sealing to brighten and freshen them up. The classrooms benefit a great deal from the installation during the last several years of fluorescent lighting, but frequently give evidence of the need for a freshening coat of paint. The equipment in almost every room is old; in fact, in some cases it is downright ancient.

The room sizes vary. The two on the main floor devoted to primary rooms are excellent, as are the large rooms across the ends of the building. Other rooms along the east-west corridors are of varying sizes, usually small for the number of youngsters currently enrolled. The foreign language room and the science room on the top floor are both quite inadequate for the purposes they must serve. There is no junior high school science facility where the instructor may use water, gas or electricity and where students may assemble at tables with top surfaces designed to accommodate experimentation in the scientific method. The business department is handicapped by the lack of many of the office machines on which students should gain considerable practice and the typewriters have not been kept up to date on a rotating replacement system. There is entirely inadequate storage for athletic equipment, both for team sports and for the physical education programs which were begun in 1965-1966 and which we hope to expand to include boys physical education in

the ensuing year. Toilet and locker areas are difficult to keep odor free and even reasonably sanitary.

Enrollments are larger than most people in West Rutland believe. During this current school year we have averaged 30 youngsters in grade one, 40 or more in grade two, and 27 in grades 3 thru 8. There are 46 in grade nine, 50 in grade ten, 72 in grade eleven, 50 in grade twelve. That totals 447 pupils. We expect a first grade enrollment in September, 1966, of approximately 45 youngsters, about half of whom will have benefitted from the excellent kindergarten experience provided by parents this year. The following year another large first grade enrollment is anticipated. Where shall we put them? What do we do to assure next year the group of 38 - 40 second grade youngsters an educational opportunity equal to that enjoyed by youngsters in a room with two-thirds that number?

With one science facility for the entire senior high school program, how do we schedule adequate laboratory periods for all youngsters whose sciences should include considerable laboratory work? With State minimum standards requiring that teachers teach fewer pupils than in the past, and that they teach in only one or at the most two fields, room scheduling in the senior high school has become a difficult problem. We have two or three more teachers than we have rooms to house them. This year, our mechanical drawing program was something of an orphan. Our elementary music program is accommodated in the eastern half of the lunch room area. Next year the small space adjacent to the western front entrance will have to be renovated so that the nurse may have her office there and so that the room she vacates may be used for an elementary classroom. The new shop room, converted remarkably from the old coal bin, is basically too small for a diversified shop program which should include not only woodworking but introduction to small power engines, some work in metal, electricity and even electronics. The mechanical drafting facilities should be adjacent to the shop—in this case obviously an impossibility!

All in all, the above comments present a somewhat gloomy picture. Let us brighten it by saying that the heart of any educational program is the teacher in the classroom, and we have many strong teachers for whose work we are most appreciative. We sincerely hope that we may assist them in overcoming numerous of the handicaps listed above so that we can retain them to provide the challenging education West Rutland youth deserve!

Speaking of staff, in order to diversify our program as required by the State minimum standards and the pressures of larger

enrollments, we are seeking to employ three additional persons for 1966-1967. This will entail a budget item in the teachers' salary category of between \$15,000 to \$16,000, depending on the experience and training of the particular individuals employed. One of these new positions is boys physical education and mathematics; a second is a primary teacher for the additional grade one section; the third is the industrial arts position for shop and drafting.

We shall need almost a complete classroom of furniture for the additional grade one, mechanical drawing tables, typewriter replacements, science laboratory table and student tables for the junior high school science program; a permanent partition to separate the library from the study hall area over the gym. There are other needs for supplies and equipment we have not even given consideration to for the present, but they are vital, even urgent.

These needs have been spelled out in detail for two reasons: first, to explain increased budget requests; second, to apply directly to our original two-part question regarding decisions and choices on short range or long range spending plans.

Obviously, the West Rutland School will continue to operate as both an elementary and junior-senior high school. We must meet, or attempt to meet, state minimum standards. We must compete within, and frequently beyond, our state for teachers. Some 95% or more of all teachers employed in Addison, Rutland and Bennington Counties will teach in districts with a \$5000 salary for beginning teachers. Competition has led us to modify slightly our schedule this year, although, in my judgment (and as a result of study) we shall fall behind in our efforts to obtain and retain a strong staff.

Federal Aid to Education does not provide for normal expenses, does not ease present tax loads. Quite the contrary; the federally supported programs must be new to merit dollar backing. The nationwide inauguration of new programs has increased to **very** severe the shortage of qualified teachers. The cost of keeping pace with today's educational trends mounts steadily. We are gaining to only the smallest degree in our over-all efforts.

The present building is **not** adequate for continued use as a twelve-grade school. Only costly construction and renovation could make it so, and only very costly staffing could maintain a strong program through the twelve grades. That's the way it seems, today, in West Rutland.

The marked falling-off of interest by West Rutland in the "area study" participated in by many communities in the county is unfortunate. It is unfortunate because West Rutland people did not continue the start they made to study their own problems, which is what the actively participating towns did. How can sound decisions be made without the availability of the full range of facts? The whole reason for education—any education—is to encourage people to become, and keep, informed. Perhaps the likelihood that the emerging answers might be unpopular caused the drop-off. But who knows, until he GETS THE FACTS?

The facts concerning the proposed 1966-1967 budget are in table form elsewhere. Your superintendent, pleased at the advances it carries, nonetheless is keenly aware that operating within it will be like wearing a skin-tight sheath to a banquet: we really can't "let ourselves go" **at all**. Some twenty thousand dollars of replacement equipment, renovation, accelerated maintenance, new instructional equipment, furniture, supplies and materials, and salaries more competitive with our neighbors' were pared from our first proposals. Our instructional program and the building itself will be the poorer. There is not **one** dollar in this proposed budget which will not be needed in **more** than one essential use in the operational categories.

In short, if the shoe (school tax) pinches, reflect on the fact that, in 1963, West Rutland's tax effort on behalf of its educational program put it in 230th place among 255 towns—in the lowest 9% in our state. There's a lot of moving up to do when one is 91st among 100 runners, even if he wants only to be number fifty!

It is our strong opinion that the effort to catch up will, in the years ahead, 1) be more economical, 2) will provide a clearly superior education for our youth and 3) will assist the town itself to grow, modernize and prosper if:

- A) Townspeople will study and visit their school
- B) Townspeople will visit up-to-date schools
- C) Townspeople will read up on new educational methods and equipment and techniques
- D) Townspeople then will commit themselves to ACT in accordance with their best judgment.

GEOFFREY GRAHAM,
Superintendent

THE PROPOSED 1966-1967 SCHOOL BUDGET AT A GLANCE

The proposed budget has increases over the basic 1965-1966 budget as follows:

Category	Increase	Tax
Additional teachers (3 @ \$5200 average)	\$15,600	\$.65
Raises for present staff of 25	7,520	.31
Furniture, tools, equipment	4,500	.19
Increases in tuitions, for more vocational students	1,440	.06
Special items for vote:		
Partitions in study hall (library; classroom)	2,400	.10
Athletics	1,200	.05
Free high school texts; library books for all grades; science equipment	7,200	.30
	<hr/> \$39,860	<hr/> \$1.66
*Per 1965-1966 basic budget	120,000	5.00
Local Support Requested	<hr/> \$159,860	<hr/> \$6.66

*Increases in all other budget categories will be met by applying the basic \$5.00 rate to the anticipated increase in the grand list of \$23,323.06 (1965) to \$24,000. (\$5.00 multiplied by \$676.94, the difference, will net \$3,384.70)

NURSES REPORT FOR 1965

On January 8, 1965 started checking the students at the Main St. School, St. Stanislaus School, and the Kindergarten. Health records are kept of each child, and the parents are notified of any defects. Hearing re-check done on one student and found it perfect.

A total of 17,500 vitamins were ordered for the Main St. School and 12,000 for St. Stanislaus School.

On April 1, 1965 I attended a school nurses meeting in White River Junction, Mr. McGuire was our speaker.

In April I started taking the school census.

Attended a School Nurses and Public Health Nurses meeting at Woodstock on April 23, 1965. Our regular nurses meeting was held April 29, 1965 at Rutland Junior High School.

Dr. Christopher Terrien, M.D., Dr. Richard Bouchard, M.D., Miss Leavells, Miss Cora Pike, R.N. and Miss Margaret King, R.N. spoke on functions and treatment of heart patients.

On September 8, 1965 school started with half day session.

There were 574 students registered in the Main St. and St. Stanislaus Parochial School. This is the first year for our Kindergarten School and there were 31 children registered.

In September vitamins were distributed to any child in the grades if their parents so desired. These vitamins are furnished by the Parent Teacher Association. The children at St. Stanislaus School also receive vitamins; each child pays for his own. Pre-school children also have the advantage of these vitamins.

On September 16, 1965 dental envelopes were sent home to all students including the Kindergarten.

Our dental hygienist Mrs. Dan Randall is with us again this year. We are very fortunate to have her services. Mrs. Randall spends one full day a week at school.

To date 256 students have signed for the program. There are 48 for cleaning, 176 for cleaning and fluoride treatment. There are 32 high school students so far that have signed up for the program.

To date money collected \$527.41, supplies \$116.39, Mrs. Randall's salary \$386. Total balance on hand \$186.08.

Hearing tests have been completed on all students in Main St. School, St. Stanislaus and Kindergarten School.

The following movies have been shown to the grades in both schools. The Pink Bottle, Brush Your Teeth, Skimpy Breakfast and Joan Avoids a Cold.

On October 21, 1965 I attended a nurses meeting at the convention in Burlington.

On November 29, 1965 permission slips were sent home for a clinic that was held at St. Stanislaus School on December 14, 1965. Dr. Frank J. Smolinski was the attending physician, assisted by Mrs. Nancy Davis public health nurse.

Recording was Mrs. Valentine Drzewiczewski, and helping were Mrs. Chas. Godzek and Mrs. Theodore Kramarz.

There were 13, physicals, 86 diphtheria and tetanus boosters, 2 first diphtheria and tetanus, 4 salk vaccine, 11 oral sabin and 8 tetanus. There were no vaccinations done due to a number of cases of Chicken Pox. All school conferences are held under the supervision of the Vermont Department of Health.

Glasses have been procured for one student through the Lions Club. Several children have been hurt during the school session, and required a doctors care or x-rays. The school nurse has taken care of this.

On January 4, 1966 I received a check for \$50 from the Rotary Club, and \$13.45 from the eight grade students, making a total of \$63.45 to be used for free lunches.

There are 37 children who will receive free lunch for one week. There have been numerous cases of Chicken Pox and Grippe.

Seventy calls were made and numerous phone contacts.

MRS. ESTHER NELSON, R. N.
School Nurse
Truant Officer

REPORT OF COOPERATIVE WHITE PINE BLISTER RUST CONTROL WORK -- 1965 TOWN OF WEST RUTLAND, VERMONT

The \$200.00 appropriation made available by the Town of West Rutland for cooperative white pine blister rust control work in 1965 was matched by State and Federal monies and used to protect white pine of prospective commercial value in the township from a tree disease which infects and ultimately kills it.

As there is no cure for the disease, the prevention of new infection is the most feasible approach to control. The elimination of currant and gooseberry bushes, the alternate host of the disease, within several hundred feet of white pine stands effectively breaks the life cycle of the blister rust fungus so new infection cannot occur.

Following preliminary surveys and mapping of all white pine in the Township by State Forest Pest Control Agents, town funds were used to hire labor to search for and destroy all currants and gooseberries within infecting distance of all white pine stands considered to be of sufficient value to justify the cost of control work.

A summary of the work accomplished in the town this past work season follows:

Acres of white pine protected	560
Acres of control area worked to protect pine	1,748
Number of currants and gooseberries destroyed	4,569
Town expenditures for labor	\$192.00
State and Federal expenditures (for survey, mapping, labor, transportation and supervision	\$371.20
TOTAL COST OF CONTROL	\$563.20

All white pine stands of prospective commercial value in the Township have hereby been protected from white pine blister rust infection for a period of approximately 10 years, at which time a reevaluation will be made by the State and recommendations for further work will be made to the Town.

We should like to take this opportunity to express our appreciation for the interest and fine cooperation of the Officers and Townspeople of West Rutland in supporting this program designed to protect a valuable segment of Vermont's timber resources. We are confident that future dividends from this work will benefit the individual taxpayer, the Township and the State.

JOHN BARROWS
Pest Control Aide

**REPORT OF MANAGEMENT OF FIRE DISTRICT FOR
YEAR ENDING NOVEMBER 30, 1965**

The Prudential Committee of Fire District #1 wish to report on the operations of said District.

There were 6 new services outside of the Fire District. Eight services were replaced inside the Fire District.

There were 2000 trees planted in the Watershed land by the Boy Scouts (see report) as recommended by the State Forester. Place and area was selected by that department.

Application has been made for funds for a new reservoir. A study will be made as to where it will be built. Survey and study will be made by Hydraulic Engineers who will be engaged by the Prudential Committee.

The Financial position of the Fire District is exceptionally good. One year notes have been reduced to \$5,000.00 and the Serial Notes on Pleasant Street reduced to \$10,500.00. Under favorable condition I believe the \$5,000.00 will be entirely or substantially reduced this year.

A court has ruled in favor of the Fire District on lands in the vicinity of the Pumping Station that the State wanted for a new highway. The Highway Board will now have to take other lands.

Respectfully submitted,

ADAM SOCINSKI,

Chairman Prudential Committee

JOSEPH CHRUSCIEL

PATRICK PHALEN
